

ON WINNING FORM

Property agents, Crayson has reported a successful year of sales in 2013. Managing Director, Nick Crayson says, 'Our unique mix of professionalism, creativity and fun continues to go down extremely well and this year we have sold double the number of properties that we sold in 2012. Our mission is to continue to insist on the very highest standards, being ultra-informed on every level about anything that could have an impact on property and being completely transparent with information. The painful language of estate agency is one area where our creativity has already had a huge impact – making the description of property both fun and accurate. A huge thanks to everyone who has given us the chance to show what we can do.'
